SURGICAL DRESSINGS PRICE LIST

APRIL 1939

ALL PRICES ARE NETT AND SUBJECT TO MARKET FLUCTUATIONS

Our Surgical Dressings Price List covers a very wide range of articles and qualities. Our chemist customers are reminded, however, that this List is issued for general use and many things are necessarily omitted. In our factory at New Barnet large quantities of Dressings, etc., of special types for Government Departments, Hospitals, and Overseas users are always being made. Our large scale resources and wide experience enable us to deal effectively with all requirements and our well-organized transport service ensures prompt delivery.

Cartonned Dressings

The majority of Chemists are now stocking and selling Cartonned Dressings. There is a definite demand for this convenient and improved form of Dressings pack which is becoming increasingly popular with the public.

The new patent Carton in which Maw Dressings are now packed is obviously a step ahead of all others and provides a further reason for chemists to push these Dressings at every opportunity.

The Carton is sealed at both ends but by tearing off the patent tab the flap can be raised and the contents extracted with ease.

After use the remainder of the Dressings can be replaced and the end tucked in again to keep it clean for future use (see illustration).

The purchase of Cartonned Dressings in quantities makes it possible under our Bonus terms to use them on a profitable basis for N.H.I. business.

Fig. 2. Shows flap lifted to remove contents.

Fig. 3. Shows flap replaced to keep remaining contents clean for future use.
